

Job No. 10 TEST NO. 1 Key-Driven Calculator Course	Name _____ Period _____ Date _____	GSPM _____ No. of Errors _____ Rating _____
---	--	--

This test requires the application of operating principles in Jobs Nos. 1 to 9, inclusive. In completing the test:

1. Write the answer to each problem in the space provided.
2. Immediately do the problem a second time.
 - a. If the second answer is the same as the first, write it in the proper space at the edge of the page and proceed to the next problem.
 - b. If the second answer is different from the first, write the second answer directly below or to the right of the first answer and do the problem again. Write the answer that proves to be correct at the edge of the page and proceed to the next problem.
3. Complete this test as rapidly as possible. In the spaces below, record the information requested.
